

Blanket-Lite

Photometrics

The image shows a photometric table for the Blanket-Lite fixture. The table is set against a background of a halftone dot pattern. On the left side, there is a vertical black bar with a yellow arrow pointing to the right, and the text 'Blanket-Lite' is printed next to it. The table itself is a grid with four rows and nine columns. The rows are labeled 'FC', 'Feet', 'LUX', and 'Meters'. The columns represent distances from 4 feet to 18 feet (or 1 meter to 4.5 meters). The values decrease as the distance increases.

FC	688	355	217	143	105	79	63	51
Feet	4	6	8	10	12	14	16	18
LUX	9260	5124	3165	2218	1583	1217	958	764
Meters	1	1.5	2	2.5	3	3.5	4	4.5
